

UHSAA Executive Committee Meeting Summary

September 30, 2026

Action Items

- **“Two Weeks Prior” changed to “10-Day Prior”:** The Executive Committee unanimously approved changing the “Two Weeks Prior” period to 10 calendar days for all sports except football, effective immediately. Existing restrictions during this period, including no team selection and no contests or scrimmages, remain in place. [10-Days Prior](#)
- **January 1, 2027 approved as a travel-only day:** The Executive Committee approved January 1, 2027, as a travel-only day during the winter moratorium. Teams may travel on January 1, but no practices or other team activities may be conducted.

Executive Committee Discussion Items

- **Championship ticket pricing:** Championship ticket prices will increase immediately from \$13 to \$15 for adults and from \$8 to \$10 for students, beginning with the state tennis championships. UHSAA will absorb venue ticketing surcharges within these established ticket prices. The new pricing structure will also apply to future endowment games beginning with the 2027–28 school year. Senior admission, for individuals age 65 and older, will be offered at the student ticket price of \$10.
- **Postseason student ticket purchases:** Schools may now purchase postseason tickets in advance for their students. This changes the previous approach that limited advance school purchases. Tickets will continue to be purchased through GoFan and are nonrefundable. Audrey will coordinate the process, with individual event directors assisting as needed. Wristband distribution and procedures for tournaments with short turnaround times will be determined by event.
- **UHSAA governance information:** UHSAA staff will expand governance information available on the UHSAA website. This will include ADEC representatives, agendas and summaries, and the UHSAA governance-process graphic alongside existing Executive Committee and Board of Trustees information. EC members are encouraged to review and explain the governance process with their regions, including athletic directors, principals, coaches, and superintendents.
- **Golf score-reporting fines:** The Executive Committee agreed with implementing a fine for schools that fail to submit required golf schedules by the established season start date. Additional penalties may be considered if the issue is not corrected.
- **2027–2029 realignment:** EC members should review the realignment timeline and process with their regions and direct schools to the UHSAA realignment page for current information, updates, and resources: [Realignment Information](#)

- No weighting ratio has been finalized or adopted. The Board of Trustees will determine the weighting ratio on November 19 as part of the first consideration of realignment. Questions, concerns, and feedback should continue to be directed through EC/region representatives as the process moves forward.
- **Officials' mileage reimbursement:** Regions are asked to review four potential options and provide feedback in preparation for the November 11 Executive Committee meeting: retain the current mileage rates and 50-mile unpaid threshold; increase mileage rates while retaining the 50-mile threshold; increase mileage rates and reduce the threshold to 25 miles; or retain the current mileage rates and eliminate the threshold.
- **Penalty chart:** UHSAA staff continues to develop a consistent penalty chart for violations. Minimum penalties, recommended fines, and maximum penalties have not been finalized or adopted. The draft will continue through the UHSAA governance process for review and discussion before any final action is taken.
- **Championship venues:** Boys volleyball will likely require a venue other than UVU for the spring 2027 state tournament; however, no replacement venue has been announced. Spring baseball championship sites also remain under discussion. Jan asked EC members to provide suggestions for golf courses that may be willing and able to host UHSAA state tournaments.
- **Summer moratorium reporting:** Staff discussed the process and timeline for schools to declare their additional summer moratorium week. The declaration form is currently anticipated to be available no later than January 13, with an April 1 reporting deadline. Staff will explore making the form available as early as November 11. Schools do not need to wait for the form to select and communicate their additional moratorium week.
- **EC member championship assignments:** EC members should coordinate within their classification to sign up for state championship assignments. If an EC member is unable to attend an assigned event or needs a replacement, please notify Audrey.
- **EC representative region information:** EC representatives should confirm region meeting dates and times with the UHSAA office, ensure region meeting minutes are uploaded, send updated region handbooks to Curt, and submit violation reports through the established online process.
- **Additional follow-up items:**
 - **Lacrosse possession clocks:** Possession clocks remain under consideration and are contingent upon future approval, with implementation proposed for the 2027–28 school year.
 - **Volleyball consolation bracket:** Region 6 schools requested consideration of a volleyball consolation bracket; however, most EC members favored retaining the current format. No change was made.

Reminders and Information for Regions

- **Realignment:** Review the realignment timeline and process with your region and direct schools to [Realignment Information](#) the most current information and resources. Remind schools that no weighting ratio has been finalized or adopted. The Board of Trustees will determine the weighting ratio on November 19 as part of the first consideration of realignment.
- **20-hour reporting:** Follow up with schools that have not completed the required 20-hour certifications. The first reporting deadline was September 15, and approximately half of the member schools had reported at the time of the EC meeting. Schools should retain supporting documentation associated with their certifications. Remind schools that the 20-hour requirement originated through state legislation and is now state law. Required reporting is completed through the UHSAA. [20 Hour Rule Compliance Form](#)
- **Governance process:** Review the UHSAA governance process with principals, athletic directors, and coaches. EC members and regions should also know who represents them on ADEC and understand how ADEC, the Executive Committee, and the Board of Trustees fit within the UHSAA governance structure.
- **Officials' mileage reimbursement:** Discuss the proposed mileage reimbursement options with your region. Gather feedback, including potential financial impacts on schools, and bring that information back for discussion at the November 11 Executive Committee meeting.
- **Summer moratorium:** Encourage schools to select and communicate their additional summer moratorium week as soon as possible. The formal reporting process and declaration form will follow.
- **2027–28 calendar feedback:** Review the tentative 2027–28 UHSAA calendar with your region and bring any feedback forward before the calendar is finalized. The tentative calendar is expected to be available on uhsaa.org beginning Friday, October 2. [Tentative Calendar](#)
- **Distinguished Service Awards:** Gather and submit region nominations for UHSAA Distinguished Service Awards by November 1. Award information and nomination materials are available here: [Distinguished Service Award](#)
- **Sportsmanship videos:** Remind schools to complete their sportsmanship videos.
- **Golf championship venues:** Send Jan suggestions for golf courses that may be interested in or capable of hosting UHSAA state tournaments.
- **Championship event administration:** Remind participating schools that an administrator or athletic director should be onsite for all UHSAA championship events. Schools participating in football championship events at Rice-Eccles Stadium, Zions Bank Stadium, or Southern Utah University should have an administrator or athletic director available for team check-in.
