4. One issues are decided--respect them and the members who promoted them.
5. Manage the region finances.
6. Assure due process is followed at region level.
7. Represent your region as a committee member.
8. Have Fun!!!

Tournament Responsibilities

1. Public Relations
 - a. High visibility in appropriate dress and credentials to show fans and participants that there is a committee in charge in case of a need or emergency.
 - b. Welcome participating principals, fans, coaches, officials, etc.
 - c. Assist those who are hosting the tournament and/or meet.
 - d. Promote the total activities program as part of the educational process.
 - e. Respect officials and their dicisions.
 - f. Assist patrons where possible.
2. Safety
 - a. Help ensure the safety of all concerned.
 - b. Sportsmanship--take necessary action to desist appropriate behavior.
 - c. Assist in enforcing the letter and the spirit of the regulations of the tournament.
3. Awards Presentation
 - a. Assist in presenting trophies and medals.

ARTICLE 5: CLASSIFICATION AND ALIGNMENT

SECTION 1: Action on Classification and Alignment

- A. The Board of Trustees shall assign each member high school to a classification and to a region within that classification.
- B. Final action on assignment of member schools to a classification and region alignment shall be taken only in properly scheduled and noticed meetings of the Board of Trustees, and only after the subject has been considered in at least two meetings, including the meeting in which the action is taken.
- C. In classifying and aligning schools for participation in Association activities, the Board of Trustees shall have plenary power to make such classification and alignments as shall promote the best interests of the Association.

Interps & Guidelines 5.1.1: ALIGNMENT OF MEMBER SCHOOLS

- A. According to Articles 2 and 5 of the UHSAA Constitution, the Board of Trustees of the UHSAA has the responsibility and plenary authority for the classification of schools and the assignment of schools to a region within those classifications. In order to fulfill that responsibility, the Board of Trustees adopts format and procedures for aligning each of the UHSAA member schools into a classification and region.
In considering the adoption of format and procedures for the alignment of schools, the Board of Trustees:
 1. May take into account any factors that affect "fair and prudent competition in the activities sponsored by the Association" (UHSAA Constitution Article 2, Section 1-A-2-e). These may or may not include school enrollment including demographics, travel costs, time out of school, natural rivalries, competitive success, etc.
 2. Shall permit any member school authority or governing organization of a member school to appear and promote or oppose the format and procedures under consideration or to counsel or advise the Board of Trustees regarding proposed format and procedures.

B. Format for the 2027-2029 Alignment of Schools as Adopted by the Board of Trustees

1. In classifying and aligning schools for participation in Association activities, the Board of Trustees shall have plenary power to make such classification and alignments as shall promote the best interests of the Association.
2. Realignment shall be completed on a two year cycle.
3. Realignment shall consist of a general alignment and a football alignment.
4. Prior to the first consideration of assigned regions or divisions, any school may apply to a higher classification in the general alignment and/or the football alignment.
5. Prior to the first consideration of assigned regions or divisions, any school may apply to a higher classification in a specific sport or activity if the school is already participating in the higher classification in that sport or activity or if the school finished with an average in the top 15% in their classification in that sport during the past three (3) seasons. Application is not a guarantee of approval. Once a school is placed in the higher classification, then the school must remain in the new placement for that specific sport or activity for the duration of the established two-year alignment. In the general alignment, schools will remain in the assigned classification and region during region competition; however, the school then will compete in the higher classification for post-season competition.
6. Regions may be reduced to divisions by the Executive Committee depending on the sport.
7. Each classification shall qualify teams or individuals for post season as determined by the Executive Committee.

C. Procedures for the 2027-2029 Alignment of Schools as Adopted by the Board of Trustees

1. Classifications are established based on October 1 data per state office of education in even calendar year of junior and sophomore classes without self-contained students.
2. UHSAA member schools shall be placed into classifications based on a Composite Realignment Index (CRI) score. The CRI score is calculated using a combination of enrollment (size), socio-economic status (SES), and competitive performance. The number of schools in each classification shall be established by the Board of Trustees (BOT). Schools will be assigned to classifications based on a CRI score with

higher scores placed in higher classifications and lower scores placed in lower classifications. A school may submit an appeal for classification placement based on geographic considerations. The BOT will review all appeals and determine if an adjustment is warranted. The BOT retains the responsibility and final authority for alignment of all UHSAA member schools.

- 3. To accommodate geographic adjustments, regions may have schools in different classifications.*
- 4. Region assignments shall be finalized in December of even calendar years. Region organizational meetings are conducted the following spring of odd calendar years with competition under the new alignment beginning the following August of odd calendar years.*
- 5. For consideration during an established alignment, any school with at least 40% reduction in enrollment may appeal prior to January 15 of even calendar years to move down no more than one classification.*
- 6. The minimum number of schools in each classification is as follows:*

<u>6A</u>	<u>21+</u>
<u>5A</u>	<u>21+</u>
<u>4A</u>	<u>21+</u>
<u>3A</u>	<u>8+</u>
<u>2A</u>	<u>8+</u>
<u>1A</u>	<u>8+</u>

- 7. The minimum number of schools in each football classification is as follows:*

<u>6A</u>	<u>21+</u>
<u>5A</u>	<u>21+</u>
<u>4A</u>	<u>21+</u>
<u>3A</u>	<u>8+</u>
<u>2A</u>	<u>8+</u>
<u>1A</u>	<u>8+</u>
<u>8-Player</u>	<u>8+</u>

- D. A school directly affected by a change in placement during the meeting in which an alignment is established, may petition for a reconsideration of placement. Such a petition for reconsideration shall only be based on new information or new circumstances not previously considered by the Board of Trustees and shall be filed in writing with the Executive Director no more than 10 days following the action of the Board of Trustees establishing an alignment of schools. The Executive Director shall publish the petition to association member schools, the Executive Committee and to the members of the Board of Trustees and provide a means of accepting comment for a period of no less than 10 days following the initial publication of the petition. Reconsideration of the alignment regarding schools indicated by such petition(s) shall take place in a meeting of the Board of Trustees (see UHSAA Constitution, Article 2, Section 1-B8).*

Interps & Guidelines 2.2.6: PRACTICE LIMITATIONS

A 20-hour practice limit is in effect for all UHSAA sponsored sports from August 1 to June 1, and for all UHSAA sponsored activities (Esports, music, speech/debate, theater) from September 1 to June 1. The practice limit includes one (1) day off each week (Monday-Sunday). Competition days, including travel, will count as three (3) hours. Practice limitations include anytime a team is together which includes, but is not limited to: team practice, team dinners, film time, weight training, individual instruction, etc. Restrictions include any meeting of the team and/or individual sport-related contact with the coach. **(Reporting?)**

Q&A: Practice Limitations

- Q1. If a team has to travel six (6) hours to a location on the day of the tournament, and then competes in the tournament, which could be eight (8) hours, does that mean the team has used 14 hours in one day?
- A1. No. The competition day is three (3) hours total, which includes travel time.
- Q2. If a team travels 5 (five) hours the day before a contest, and they stop to do a one (1) hour walk through/practice, does that count for 6 (six) hours?
- A2. No. The travel is part of the competition day (3 hours), but the walk through/practice would be included in the 20 hours.
- Q3. Does time during an athletic period or the watching of film during the school day (including lunch time) count towards the 20- hour practice limitation?
- A3. Yes. Anytime the team meets counts towards the 20-hour practice limitation. An exception is time used for study hall, if the focus of the study hall is academics, and the majority of the student athletes are using the time as a study hall.
- Q4. Does a weight lifting class count towards the 20 hours?
- A4. If the weight lifting class is not open to all students, then the time spent in class would count. If the majority of the class belongs to one specific team, but other students have the opportunity to be in the class as well, the time does not count.
- Q5. If a team meets at the home of a team member for a "team night" (with or without the coach), does this count towards the 20- hour practice limitation?
- A5. Yes. Anytime the team gets together for team meetings, team dinners, team film, etc. (with or without the coach) it counts towards the 20- hour practice limitation.
- Q6. If an individual meets with the coach to go through skill development or talk X's and O's, does that count towards the 20-hour practice limitation?
- A6. Yes. Anytime a student-athlete meets with a coach for individual instruction related to the sport, it counts towards the 20-hour practice limitation.
- Q7. Does participation in an assembly count towards the 20 hours?
- A7. No. Participation in assemblies does not count towards the 20 hours.
- Q8. If students are participating in a fundraiser, does the time spent on the fundraiser count towards the 20 hours?
- A8. If revenue is for a specific team account, the time spent at the fundraiser would count towards the 20 hours. If the revenue raised is going towards an individual's account, the time would not count. Anytime a fundraiser is required, the time must be counted.
- Q9. If actors in a school play rehearse for three hours and the band rehearses for seven hours and the school choir for two hours. how is this calculated?
- A9. Hours spent rehearsing for a school play is a school or district decision

3. Fourth of July Moratorium

- a. The moratorium days may be adjusted for all levels of all UHSAA sports and activities for the entire school, but not sport by sport. The adjustment must be seven (7) consecutive days.
- b. Requests for Fourth of July moratorium adjustments must be approved by the school principal and athletic director. The approved adjustment request must be submitted by the school principal prior to May 1. Requests received after May 1 will still be considered as long as the dates have not passed but will carry a \$250 fine.
- c. When a Fourth of July moratorium adjustment is granted, the school principal shall monitor the adjusted moratorium period. The approved adjustment shall apply to all levels of all UHSAA sports and activities for the entire school.

4. Additional Summer Moratorium

- a. The selected additional summer moratorium week must be seven (7) consecutive days. Consecutive days may be adjusted sport by sport.
- b. Requests for additional summer moratorium adjustments must be approved by the school principal and athletic director. The approved adjustment request must be submitted by the school principal prior to May 1. Requests received after May 1 will still be considered as long as the dates have not passed but will carry a \$250 fine.
- c. When an additional summer moratorium adjustment is granted, the school principal shall monitor the adjusted moratorium period. The approved adjustment shall apply to all levels of that sport. For example, all levels of boys' basketball (i.e. freshman, sophomore, junior varsity and varsity) shall adhere to the same moratorium days.

Interps & Guidelines 2.2.8: OUT OF SEASON PARTICIPATION

A. "Two Weeks Prior" to Start Date Restrictions

1. To create a more level playing field, the "Two Weeks" prior restrictions are in place to identify the start of a season and the official tryout date.
2. "Two Weeks Prior" to Start Date Restrictions apply to current 9th-12th grade students.
3. Any potential player shall not be required to attend. This is an optional attendance period.
4. The following **restrictions are in place** during the "Two Weeks Prior:"
 - a. No try-out or team selection is allowed.
 - b. No contact with any other schools or programs. including practices, scrimmages and contests.
 - c. For the sport of football, member schools will adhere to the established current football calendar.

B. Spring Football Guidelines

1. Spring Football Guidelines apply to current 9th-12th grade students.
2. Spring restrictions prior to and including Memorial Day:
 - a. No player protective gear may be worn (Helmets, Shoulder pads, pants pads)
 - b. No football competition with other schools (including scrimmages) until after Memorial Day; however, 7 on 7 competition is allowed.
 - c. Abide by football moratorium dates:
 Four weeks beginning Novemebr 23 through January 3 & two weeks beginning February 22 through March 7.

- d. *Following Memorial Day, the UHSAA Approved Football Summer Calendar (posted on the football page) continues until the season start date for football including; heat acclimatization and padded camp guidelines.*
- 3. *A camp may occur after Memorial Day and before Friday, July 16, 2027, except during Summer Moratorium. This is a school specific period for all levels i.e. varsity, junior varsity, sophomore, freshmen; or offense/defense, etc. The camp must be declared in writing to the UHSAA prior to the use of any pads and must follow the Heat Acclimatization, which includes up to three (3) days in pads. Form at uhsaa.org.*
- 4. *Heat Acclimatization: please see item 33 in the Administrative Policies and Guidelines section of this handbook as well as the approved "Football Summer Calendar" available from a link on the Football page of UHSAA website for information and regulations regarding heat acclimatization.*

SECTION 3: School Sponsored Out of Season Programs

- A. Clinics on an individual school basis may be held with the approval and direction of the local school administration and with the approval of the local Boards of Education. The two basic principles governing the development and operation of programs should be:
 - 1. All educational programs for high school students should be kept in balance so that no single program robs any other program of its fair and proper share of attention in the students' experiences; and
 - 2. All students should have equal opportunity to compete for a position on a team. There should be no discrimination against any student in the operation of physical development activities, and participation in such programs will not be prerequisite to membership in a school's athletic program.

Interps & Guidelines 2.3.1: SCHOOL SPONSORED PROGRAMS

- A. *Limiting teams to days or number of camps, leagues, tournaments or competitions is a school or district policy. Limitations as to dollar amounts spent by individuals will also be left to district or governing board of a charter or private school discretion.*
